## EXAMINER'S AMENDMENT & STATEMENT OF REASONS FOR ALLOWANCE

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Ronald Rohde on 14 March 2007.
3. The application has been amended as follows:

### Claim 23:

23. (Currently Amended) A method of processing garments, comprising:
  - supporting one or more garments in a stationary position in a cabinet [[an enclosure]];
  - blowing air onto both sides of the at least one of the garments in the cabinet [[enclosure]] from a manifold having a plurality of arms configured to discharge air;
  - translating the manifold vertically to traverse the vertical length of the garments at least one time while blowing the air onto the garments;
  - recirculating the air blown onto each of the garments back to the manifold; and
  - removing water from the recirculated air.

Art Unit: 1746

4. The following is an examiner's statement of reasons for allowance: The closest prior art of record, TODD-REEVE and BOLDUAN, fail to teach or reasonably suggest each and every limitation of the instant invention. Both TODD-REEVE and BOLDUAN disclose a garment treating apparatus with a garment conveyor and horizontal nozzles/manifolds which apply treatment fluids (i.e. liquids and/or gases) to both sides of a hanging garment. However, TODD-REEVE and BOLDUAN fail to teach or reasonably suggest the claimed garment cleaning apparatus and cleaning method using a compact cabinet with a stationary garment support and a vertically translatable manifold including plural spray arms which spray the vertical length of the garment during a laundering process. It is noted that similar reasons for allowance were given in the parent application.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
